LISTENING COMPREHENSION

TASK 1

20 POINTS

URBAN PLANNING

In the first part of the test you will hear a radio programme about the design of future cities.

As you listen, fill in the gaps 1-10 in the notes below. In some gaps more than one word is necessary for a complete answer.

The quality of the three main transport modes will each be .

With people becoming , cities will require an efficient transport system.

The might stop people from going out too much.

According to , a city's population and the quality of its transport system are linked with each other.

In Beijing, people use public means of transport simply because they are .

The question is if you should put on a route in a sparsely populated area.

The train will be the solution for those who need to travel .

Buses are more suitable for to train stations , for example.

Making people love their car less will be one of the toughest .

Even the interviewee admits becoming when asked to quit driving.

TASK 2

20 POINTS
